- Participants must be 16 years of age or older
- Participants may bring their own ATV, but must ride with a guide while on Primland property.
- Safety equipment provided includes helmet and goggles.
- Long pants, shoes higher than the ankle and leather gloves are highly recommended.

Pricing Information

3 hours of riding, with a guide—\$130 per person

(Minimum of 2 guests)

children's activities

Primland is an ideal destination for families.

A variety of activities for children such as pond fishing, mountain biking, golf putting on the practice green, golf practice on the driving range, nature walks and hiking are available at Primland. Adult supervision is required.

3 hours of riding, with a guide—\$130 per person

(Minimum of 2 guests)

fishing

The six-mile stretch of the scenic Dan River that lies adjacent to Primland is rugged, remote and home to beautiful wild trout. Guided fly-fishing is offered on a catch and release basis only for the wild brown, brook, and rainbow trout that inhabit these clear waters.

For fly casters seeking less challenging terrain, the broader and more forgiving Kibler Valley section of the Dan River is located nearby.

Our Primland Outfitters Shop, located in the South Gate Reception Center, is stocked with flies and other fishing equipment. Outfitting, rod rental and licenses are also available. Fly-casting and on-stream fishing lessons by Orvis trained guides can be arranged with notice by calling (276) 222.3800.

Guest property privileges include fishing at three ponds stocked with trout, bass and channel catfish. This unsupervised activity is fun for families and rental fishing equipment and bait are available at our South Gate Reception. Fish cleaning is available for those wishing to prepare their catch for dinner at their Mountain Homes.

Guided fishing is generally available April through November depending on local weather and stream conditions. Ponds are open for use year-round.

Pricing Information

Bike Rental \$50 per day

Guide Service \$80 per hour

nature walks

Our network of trails makes hiking one of Primland's premier activities. The property's vast and varied terrain is perfect for hikers of all abilities.

Please let us know if we can plan a nature walk for you.

Much of Primland is best seen at a gentle pace, and walking provides a close up view of the mountain's flora and fauna.

We have several trails in the vicinity of The Lodge and Fairway Cottages, and whether you'd like a short walk or a more moderate trek, you'll find fascinating views both at a distance and close-up.

Maps and bottled water are available.

stargazing

Primland's altitude and the unusual clarity of our night sky present our guests with the opportunity to study stars, planets, nebulae and amazing celestial objects with an absence of ambient light.

The celebration of nature at Primland takes on an even greater dimension from the Observatory Dome. Our Celestron CGE Pro 1400 telescope provides extraordinary glimpses of the heavens and of objects beyond our solar system. A smaller Celestron telescope located in the Great Hall can also be arranged on the Terrace for views of closer celestial bodies.

Telescope and dome presentations including our "Tour of the Universe" presentation can be scheduled during your stay by our resident astronomers as weather conditions allow. We regularly plan special Star Master Weekend programs that coincide with celestial occurrences to provide guests with a more in-depth study of the night sky.

If you would like to take a tour of the dome, we would be glad to arrange it for you.

tennis

Two lighted outdoor tennis courts are at your disposal free of charge. Tennis racquets and balls may be borrowed from the Guest Services Desk.

trails
