**PRIMLAND***Meadows of Dan, Virginia*

**P**erched among the magnificent Blue Ridge Mountains sits Primland, a 12,000-acre, outdoor sporting masterpiece that goes above and beyond to bring its guests the very best in luxury accommodations, superb services, adventure activities and, most importantly, matchless golf.

Seemingly on top of the world, the Highland Course at Primland is lofted high atop the spectacular mountains of southern Virginia at an elevation of 3,000 feet, thus serving as the focal point for visitors and golfers alike. Affording scenic views that stretch the vocabulary, this Donald Steel-designed, 7,034-yard track also stretches the ability of even the best players, thanks to its impressive par 3s that play over valleys, through dramatic narrow fairways that roll along ridge tops and across undulating greens that kiss the edges of cliffs.

In addition to golf, the expanse of land that makes up Primland is a prime hunting location with an abundance of wildlife. It has been an Orvis-endorsed wingshooting destination since 1990 and also offers deer and spring gobbler hunting in their respective seasons. Sporting clays are also available to help hone your skills. For a more leisurely outdoor experience, Primland has beautiful horses, exciting ATVs and

rugged mountain bikes to allow guests to explore the endless maze of wilderness trails.

Serving as the centerpiece of this thrilling mountain resort is the newly opened, 72,000-square-foot Lodge, which features an indoor swimming pool, golf shop, health spa, gym, locker rooms, conference facilities, parking garage, theater, dining room, ballroom, 26 guest suites and an impressive, two-story Pinnacles Suite. Crowning this spectacular facility is an observatory that spirals above The Lodge, presenting stunning views of the Virginian landscape and the stars above.

Adjacent to Primland's Lodge are three luxurious Fairway Cottages, which offer an eclectic blend of mountain craftsman, traditional and European-contemporary décor. These elegant cottages boast cathedral ceilings, hardwood floors, stone-faced fireplaces and breathtaking panoramas of the golf course and pristine peaks beyond. Meanwhile, well-appointed mountain homes and cabins – located along ridges and tucked into hillsides – supply their own awe-inspiring vistas and accommodate up to 16 people. And, although each is distinctly different, all accommodations offer an ideal taste of the exceptional Primland lifestyle. 🌲
